

CONTRACT SERIES ONE

Medium 4" Fascia Roller Shade

Line Voltage 120v AC Motorized Control

Concealed beneath the contemporary fascia, our line-voltage motorized Contract Series One roller shade, enables all levels of motorization. The motorized shade is durably constructed and designed to accentuate the contemporary feel of any space. Maintain a discreet, modern aesthetic while enhancing privacy, view-through and ultimate natural light and thermal control.

Features:

- Advanced bracket offers two way vertical adjustment for precise alignment.
- Commercial grade aluminum fascia is powder coated or anodized for durability.
- Enables view through and privacy with minimal light gaps
- Enhances sustainability and efficiency with complete light and thermal control.
- Integrated, ARC™ enabled, motorization for ultra-quiet operation.
- Stylish single or multi-channel controls & smart device compatibility.
- Single & linked shade applications.
- Leveling control; multiple shades finish in the same position for a premium aesthetic
- Max width of 120" (based on 120" drop) before linking. Capacity to cover areas up to 100 sqft.

Match this solution with any of our sunscreen, blockout or high performance fabrics for a complete finished solution. See our document library for comprehensive information including HPD, LEED & NRC specifications.
